### **NCTTA.app (update)**

- Interns are working on side projects looking at other features; Victoria is heading this up and work on the backlog of Asana issues
- Freelance steps we will talk about in exec. session
- We are continuing with all of this through the summer

### **2026 Championships**

**Follow up with past conversation about champs with regard to the following below:**

- - Volunteer hotel vs Athlete Hotel: resolved to add more rooms to Embassy, to include athletes too as well as a back up hotel for volunteers and athletes but have no shuttle

- Transportation for Athletes/Volunteers: Rent a fleet of cars that we have volunteer drivers that will only drive back and forth to pick up everyone and take them back; Athletes are free to do their own thing
- Volunteer meals: Joe will go back to drawing board to find better options; WL secondary concern is that food for athletes is not readily available—unsolved
- Banquet: Joe will reach out to Embassy to see about a less formal kind of banquet with finger food and cocktail tables
- Temp Labor for labor intensive areas (flooring): moving fwd we will have this
- Dennis Yanga conversation about photography—  
WL recaps to have a procedure put in place for interested photographers to do Division photography first, uploading and editing pictures under Dennis' supervision; Dennis also wanted photographers for just social media and a video editor and photo editor (sole position)
